

Paddle Boarding Rules & Indemnity

- You must be capable of completing a 50 meter swim.
- Children must be over the age of 10 in order to take a board out on their own. Children aged 6-10 years old can share a board with an adult.
- If any paddles are lost or damaged whilst renting our boards, the fee for this is £40. If any leashes are lost or damaged whilst renting the boards, the fee is £25.00
- You must not have any medical condition that may impact your ability to safely partake in this activity. If you are unsure seek the advice of a GP.
- Please ensure you understand our safety rules & read/sign our watersports indemnity form, available online – also available on site before taking part in this activity.
- Before each session make sure you check in at the Dams Watersports Clubhouse Reception, and ensure you understand which lake to use.
- Buoyancy aids are mandatory.
- You must enter and exit the water at the designated point.
- In the event you get into difficulty during the paddle board session, you must signal for rescue by raising an arm in the air, or try to reach the nearest shoreline.
- You should always use the leash connected to your paddle board. This will help you stay connected to your board if you get into trouble and help you float.
- There will be no lifeguard present at any paddleboard session, therefore you take part in the activity at your own risk. In the event of seeing another paddler getting into difficulty, you must raise the alarm to the lifeguard or a member of staff.
- In the event of a thunderstorm, failing light, fog or high winds a member of staff may decide to end a session. If you are asked to exit the lake then please do so immediately.
- Be aware of Swans as they can attack defending their nest, young and territory.
- Be aware of swimmer's itch that can occur in natural lakes - swimmer's itch is most common in warm freshwater lakes and ponds.
- You must acknowledge the risks associated with outdoor activities in open water, that the lake is a natural environment. Lake banks/steps may be slippery, there may be sharp stones and shells underfoot. There are various buoys and ropes within the water which must be avoided. If you do not feel comfortable with these hazards then you should not take part in the activities in an open water environment.

DAMS Watersports Ltd

Watersports Activity Indemnity Form

Name	
Date of Birth	
Address	
Phone Number	
Email	
Emergency Contact Name

	Yes	No
Can you swim 50 meters?		
Do you have any medical conditions/injuries? (If answered yes, please can you provide a Dr's note to acknowledge you're safe to participate)		
I am fit and well to take part in the activities		
I understand it is advisable to remove all jewellery before participating in the activities		
I agree to abide by all safety measures		
I am aware of what the activities involve and the environment they take place in		
I am aware any valuables are left at owners own risk		
The participant acknowledges that there are numerous natural and nonnatural trip hazards around the facility, for example, exposed tree routes, uneven ground, slippery dock and decking surfaces/stairs, with limited lighting		

I agree that DAMS Watersports is not responsible or liable for any injuries, death or damages resulting from my participation in any activities or my use of equipment and facilities offered by DAMS Watersports		
I agree to absolve DAMS Watersports Ltd, its employees, lifeguards /coaches and other members working on site at DAMS Watersports Ltd. from liability or damage to myself or property from cause whatsoever whilst engaged in the activities of the site and any incident that may occur whilst on the premises		

Swimming and watersports activities

I agree to swim and take part in the various watersport activities at my own risk and understand the dangers associated with Open Water Swimming and the various watersport activities with the potential for serious personal injury and property loss
I acknowledge the risks associated with swimming in open water. You must acknowledge that the lake is a natural environment. Lake banks/steps may be slippery, there may be sharp stones and shells underfoot. There are various buoys and ropes within the water which must be avoided. If you do not feel comfortable with these hazards then you should not swim or partake in any watersport related activity in this open water environment
You must not have any medical condition that may impact your ability to safely partake in open water swimming or watersport activity. If you are unsure seek the advice of a GP
DAMS Watersports will provide lifeguard cover during all swim sessions. However, we still strongly recommend you swim with a buddy or swim within a 15m distance of another swimmer during the session and within a reachable distance of the bank
In the event of you get into difficulty during the swim session or watersports activity, you must roll onto your back and signal for rescue by raising an arm in the air. In the event of seeing another swimmer/participant getting into difficulty, you must raise the alarm to a lifeguard/staff member on site
Before each swim or any other watersport activity make sure you check in at the DAMS Watersports Clubhouse Reception. Ensure you understand which lake to use and the swimming route of the lake. Be aware of boats and always notify the driver and strictly no swimming when the boat is operating
In the event of a thunderstorm, failing light, fog or high winds, a member of staff may decide to end the session. If you are asked to exit the lake then please do so immediately
No swimming or activity in the dark
Strictly no swimming is allowed below 12 degrees celcius. It is essential that you know about how the cold can effect you, the risks involved, for example, hypothermia and cold water shock. Always make sure that you are accompanied by an able buddy to assist you in emergencies

Ensure you have the correct clothing and equipment for your chosen sport activity. Specifically for open water swimming, a brightly coloured swim cap, swim buoy, a thermal blanket for after swimming

Buoyancy aids are required for all watersports (open water swimming exempt) and a helmet for certain activities when directed by the coach

In signing this agreement you acknowledge and adhere to all of the above.
